Alternate Assessment Breakdown Report

School Year: 2018 - 2019 | D0251 North Lyon County | Status: Submitted to KSDE on 12/18/2018

☐ Since the district's total test population is less than 300 and the total number of students participating in the DLM is 3 or less, no justification statement from the district is needed for the moment.

☒ Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.

North Lyon County special education teams use the Dynamic Learning Maps Participation Guidelines for Kansas. Students who meet the criteria for DLM testing have a significant cognitive disability that require an adaptive curriculum aligned with grade level essential elements. These students require intensive, repeated instruction in an individualized special education setting in order to make appropriate gains. Data used includes cognitive, academic, and functional assessments, anecdotal records, and other related formal and informal assessment tools.

☒ What are the district's next steps to ensure that annually the appropriate test is administered to each student?

The district will continue to ensure that students meet the criteria for the Dynamic Learning Maps Participation Guidelines for Kansas.
