School Year: 2018 - 2019 | D0257 Iola | Status: Submitted to KSDE on 12/06/2018

☐ Since the district's total test population is less than 300 and the total number of students participating in the DLM is 3 or less, no justification statement from the district is needed for the moment.

☒ Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.

USD 257 IEP teams utilize the DLM Participation Guidelines for each student when determining whether participation in the DLM is appropriate. The process is documented in each student's IEP along with the appropriate data to justify the decision.

☒ What are the district's next steps to ensure that annually the appropriate test is administered to each student?

USD 257 will continue to utilize the process we have in place. Staff will communicate with district testing coordinator to ensure that students are assigned the appropriate test.
