Alternate Assessment Breakdown Report

School Year: 2018 - 2019 | D0367 Osawatomie | Status: Submitted to KSDE on 12/28/2018

☐ Since the district's total test population is less than 300 and the total number of students participating in the DLM is 3 or less, no justification statement from the district is needed for the moment.

☒ Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.

Osawatomie USD 367 operates a Life Skills program for students ages 5-21 which provides educational services for students with severe developmental and physical challenges. These students formerly would have attended a program such as Lakemary. All of our students being administered the DLM are enrolled in this program.

☒ What are the district's next steps to ensure that annually the appropriate test is administered to each student?

No students enrolled in regular education classes are being administered the DLM. Only students enrolled in the Life Skills program for students with severe developmental and physical challenges are administered the DLM.
