# Alternate Assessment Breakdown Report

School Year: 2018 - 2019 | D0466 Scott County | Status: Submitted to KSDE on 12/20/2018

☐ Since the district's total test population is less than 300 and the total number of students participating in the DLM is 3 or less, no justification statement from the district is needed for the moment.

☒ Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.

Through collaboration, our teaching staff utilizes data from AIMSWEB in the elementary, MAPPS in the MS and HS, as well as student performance within the core instruction to determine their testing ability.

☒ What are the district's next steps to ensure that annually the appropriate test is administered to each student?

We continuously evaluate our assessment practices, searching for processes that meet our students' needs best and provide our teaching staff the information they need to help improve student performance.
