School Year: 2018 - 2019 | D0483 Kismet-Plains | Status: Submitted to KSDE on 12/04/2018

☐ Since the district's total test population is less than 300 and the total number of students participating in the DLM is 3 or less, no justification statement from the district is needed for the moment.

☒ Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.

The IEP teams at USD 483 determine the eligibility for the DLM assessment on an individual basis. The IEP teams follow the Dynamic Learning Maps Participation Guidelines for Kansas and carefully discuss the participation criterion before determining the most appropriate assessment for each child.

☒ What are the district's next steps to ensure that annually the appropriate test is administered to each student?

The district will insure that all staff review the KSDE manual for the Kansas Assessments Program and the Dynamic Learning Maps Participation Guidelines for Kansas and review the students who are currently taking the DLM.
