Alternate Assessment Breakdown Report

School Year: 2018 - 2019 | D0489 Hays | Status: Submitted to KSDE on 12/20/2018

☐ Since the district's total test population is less than 300 and the total number of students participating in the DLM is 3 or less, no justification statement from the district is needed for the moment.

☒ Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.

IEP team members are trained in the DLM eligibility criteria and decision making process. Any teacher that is considering recommending DLM attends a breakout session at beginning of year in-service to review DLM criteria and administration.

☒ What are the district's next steps to ensure that annually the appropriate test is administered to each student?

We are adding the Dynamic Learning Maps™ Participation Guidelines For Kansas checklist to the IEP and each team will complete the checklist as a part of the IEP team meeting when recommending DLM. We will continue to train all staff on DLM eligibility at beginning of year in-service.
