[X] **Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.**

Our district uses a system as an IEP team to review the KSDE participation criteria for the DLM for each student to make a determination of qualification using data including:

*Formal Intellectual/Cognitive Test Scores
*Formal Adaptive Behavior Rating Scales
*Present levels of need in all areas including academic (reading, writing, math, science, social studies), behavior, social/emotional functioning informed through formal assessments, CBM, observations and/or daily performance
*Functional communication skills evaluation, observations and daily performance
*Review of CDDO services, if provided

[X] **What are the district's next steps to ensure that annually the appropriate test is administered to each student?**

Our team has recently participated in a review of students that were identified to take the DLM and were flagged. Through this process with the state we:

*Completed SIS sheets for all students flagged
*Met with Vicki Smith and Cary Rogers to review SIS sheets
*Both Cary and Vicki agreed with all decisions for all student placements on the DLM as appropriately placed
*They determined no plan of action was needed
*As a proactive step to ensure continued compliance with the KSDE DLM participation criteria, Director Deb Nauerth, is taking an additional measure in having the Low Incidence team of teachers view the KSDE DLM training video

Based on the data for our district, our LEA needs additional training.

[ ] Yes [X] No

Our district anticipates testing over 1% of our students in one or more content areas during the school year.

[ ] Yes [X] No
