[X] **Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.**

The IEP team uses data from past records, new testing that may have been completed, input from parents, teachers and other providers, information from the child's Individualized Education Plan and observations. The IEP gathers this information and opens the discussion usually at the child's annual IEP review to discuss DLM eligibility. We now know there are other ways to determine eligibility and teams need to take into consideration all factors.

[X] **What are the district's next steps to ensure that annually the appropriate test is administered to each student?**

The IEP gathers this information and opens the discussion usually at the child's annual IEP review to discuss DLM eligibility. After meeting with individuals from the state department there is a better understanding as to the detail one much look into when making determination. Teams can utilize the the Intellectual Functioning tool and/or the Adaptive Functioning tool. This could be very helpful with transfer in, as many come to us without good data.

Based on the data for our district, our LEA needs additional training.
