- [ ] Traumatic Brain Injury

Based on the data provided in KIAS for disproportionality, our district needs to address disproportionality (A risk ratio greater than 3.0 needs to be addressed.)

- [x] Yes
- [ ] No

If yes, please explain how you will address the disproportionality.

South Haven USD 509 had one subgroup with disproportionality. This disproportionality was due to one student taking the alternate assessment (making the "N size" too small).
We, USD 509 and USD 619 Interlocal, will continue to review our policies, practices, and procedures.

[X] **Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.**

IEP teams in collaboration with 619 Interlocal staff evaluate each student's present levels of performance annually. Data from school psychological reports, local assessments, progress monitoring, and classroom performance is evaluated to decide on appropriate instructional placement. In addition, discussions with staff and parents take all assessment and performance information in consideration along with the identified disability to determine the appropriate assessment to measure academic progress. The DLM guidelines are reviewed and the team makes a determination appropriate to each student. IEP teams are also required to complete, "sign-off," and submit KSDE's "Rubric for Determining Student Eligibility for the Kansas Alternate Assessment (DLM)."

[X] **What are the district's next steps to ensure that annually the appropriate test is administered to each student?**

The district continues to review the DLM guidelines, prior year performance of each student, and annually evaluates the appropriate assessment.

Based on the data for our district, our LEA needs additional training.
