Based on the data provided in KIAS for disproportionality, our district needs to address disproportionality (A risk ratio greater than 3.0 needs to be addressed.)

[x] Yes [ ] No

If yes, please explain how you will address the disproportionality.

At least Annually, (and this year bi-annually) NKESC provides training about qualifications for utilizing the DLM.
Staff are provided guidance from the KSDE Resource: Making Decisions about Participation in the Alternate Assessment Guide and Decision Tree.
A DLM support staff member is available to assist teams in determinations for assessments and training support.
A google classroom for licensed staff is provided to help guide one through assessment timelines and training.

Monitoring School Year: 2022 - 2023 | Assessment School Year: 2021 - 2022 | D0105 Rawlins County | Status: Submission Approved by KSDE on 12/19/2022

Percentage of students performing at target or advanced on the DLM for the school year.

ELA:	50%
Math:	25%
Science:	0%

[X] **Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.**

In Rawlins County the total school populations of less than 325 complicates the percentages for the DLM (having 1 student in science pushed the percentage over 1.05 and having 4 students in Math and Reading pushed the percentage to around 2%). Awareness of the numbers and higher than 1% percentages utilization of the DLM is noted but not considered an absolute guide.

NKESC administration reviews students taking the DLM and advises school personnel of "red flags" related to DLM use when procedures are not consistent with KSDE guidance. Team discussion are initiated and consensus is recorded.

[X] **What are the district's next steps to ensure that annually the appropriate test is administered to each student?**

On President's Day 2023, NKESC is providing a training day on how to write better IEPs. DLM is one of the target areas to be addressed. All licensed Special Education staff are to attend. Teams will be provided knowledge and information to better address discussions about who the DLM is suited and those that should participate in the general assessment.

NKESC is also requesting additional KSDE support to assist in guidance toward the appropriate use of the DLM. Recently, Local school official and NKESC staff are in disagreement as to which students should take the DLM. Additional training should help team members to come to consensus.

Based on the data for our district, our LEA needs additional training.

[X] Yes [ ] No
