[X] **Please provide a narrative that includes the data types and processes that the IEP teams are utilizing to qualify students for the Alternate Assessments (DLM) in the box below and press Save.**

IEP teams will meet to discuss the criteria and complete the DLM rubric. Students must meet all indicators on the DLM rubric to qualify. Data will be reviewed and include all areas addressed within the rubric including cognitive skills, adaptive skills, and curriculum used to deliver instruction to the student.

[X] **What are the district's next steps to ensure that annually the appropriate test is administered to each student?**

Teachers and special education coordinators will meet to review students taking the DLM based on their IEPs to determine if they might qualify for the general assessment with accommodations. If that is possible, an IEP meeting will be scheduled to discuss the possible changes. We will continue to use the DLM rubric provided by KSDE as a tool to make the determinations.
