[X] **What are the district's next steps to ensure that annually the appropriate test is administered to each student?**

In our district, we will continue to provide annual training on the DLM. We will ensure the use of Intellectual Functioning Tool, Adaptive Functioning Tool, Alternate Assessment Flow Chart, and Rubric for Determining Student Eligibility for the DLM when discussing and determining eligibility with the IEP team. We will also discuss the appropriateness of utilizing the Essential Elements for IEP goals to further ensure the DLM is the appropriate assessment tool for the student. We will continue to follow Kansas State Department of Education guidelines and include this information in our annual trainings with our educators. We will continue to utilize our current practices we have in place which include reviewing previous DLM scores and using KSDE forms discussed above. We will begin discussions between the school psychologist/ special education coordinator and special education teacher regarding any student who is expected to take the DLM and examine all data related to that student to further ensure the appropriateness of the DLM for that student. This information will be presented at the IEP meeting for all team members to review and have to assist to make decisions.

Based on the data for our district, our LEA needs additional training.
