

Kansas State Performance Plan: Indicator 1: Graduation

What does Indicator 1 measure?

Indicator 1 measures the percent of youth with an individualized education program (IEP) graduating from high school with a regular diploma.

What is the data source?

All districts in the state report data to the Kansas State Department of Education (KSDE). Graduation data comes from local school district exit records entered into the KSDE Kansas Individual Data on Students (KIDS) system according to the ESEA Title I ([https://www.ksde.gov/Portals/0/CSAS/CSASHome/Graduation and Schools of Choice/ESSA Graduation Rate Guidance.pdf](https://www.ksde.gov/Portals/0/CSAS/CSASHome/Graduation%20and%20Schools%20of%20Choice/ESSA%20Graduation%20Rate%20Guidance.pdf)) reporting requirements of the U.S. Department of Education.

Reported graduation data are lagged one year. For example, for FFY124 reporting, SY23-24 graduation data will be reported to the U.S. Department of Education.

What are targets?

The following table reflects the targets and data for the current five-year APR reporting cycle.

FFY	2019	2020	2021	2022	2023	2024
Target >=	85.75%	84.54%	81.00%	81.90%	82.80%	83.70%
Data	78.41%	84.54%	81.92%	83.71%	83.17%	84.32%

How may someone access Indicator 1 data reported to the U.S. Department of Education?

The data for all Kansas State Performance Plan indicators, including data for Indicator 1, are published on the Kansas State Performance Plan Annual Performance Report page (<https://www.ksde.gov/Default.aspx?tabid=520>) and, after log in, on Kansas APR Reports (<https://www.ksapr.org/KansasAPR/Login.aspx>).
