

Kansas State Performance Plan: Indicator 2: Dropout

What does Indicator 2 measure?

Indicator 2 measures the percent of youth with an individualized education program (IEP) dropping out of high school.

What is the data source?

All districts in the state report data to the Kansas State Department of Education (KSDE). The source of Special Education Enrollment Count is the Kansas Individual Data on Students (KIDS) system End of Year Assessment (EOYA) and EXIT data. Dropout data come from local school district exit records entered into the KSDE Kansas Individual Data on Students (KIDS) system according to the ESEA Title I reporting requirements of the U.S. Department of Education.

Reported dropout data are lagged one year. For example, for FFY24 reporting, SY23-24 graduation data will be reported to the U.S. Department of Education.

What are targets?

The following table reflects the targets and data for the current five-year APR reporting cycle.

FFY	2019	2020	2021	2022	2023	2024
Target <=	2.32%	2.32%	16.65%	16.28%	15.91%	15.54%
Data	2.52%	2.00%	16.65%	15.22%	15.50%	14.98%

How may someone access Indicator 2 data reported to the U.S. Department of Education?

The data for all Kansas State Performance Plan indicators, including data for Indicator 2, are published on the Kansas State Performance Plan Annual Performance Report page (<https://www.ksde.gov/Default.aspx?tabid=520>) and, after log in, on Kansas APR Reports (<https://www.ksapr.org/KansasAPR/Login.aspx>).
