Instructions for Special Education Administrators

Please update your Outcomes Post School Web Application Access Template each year. January is the best time to update to be able to include any mid-year changes. Be sure to add any new staff members and remove staff members who no longer need access. You can also submit a request to receive a copy of your organization's access template on file with KSDE. To submit your completed template, request a previously completed template or request assistance contact: andy.ewing@ksde.gov
