

# Title IV, Part A

## FY23 TITLE IVA OUTCOMES REPORTING

### Purpose

Each State that receives an allotment under Title IV, Part A (ESEA §4103) for a fiscal year shall report on how funds made available under this part are being expended by Local Education Agencies (LEAs), including the degree to which the LEAs have made progress toward meeting the objectives and outcomes of their activities to provide their students with support programs allowable under the Title IVA program.

- 1) **Well-Rounded Education (Section 4107)** – Access to, and opportunities for a well-rounded education for all students.
- 2) **Safe and Healthy Students (Section 4108)** – Improve school conditions for student learning in order to create a healthy and safe environment.
- 3) **Support the Effective Use of Technology (Section 4109)** – Improve the use of technology in order to improve the academic achievement and digital literacy of all students.

Below are LEA progress updates, as reported by LEAs, which describe progress made toward objectives and outcomes for approved activities in FY23 under each content area of the Title IVA grant. These reports are only regarding activities funded using federal Title IVA funds and should not be considered a reflection of a LEA's overall progress toward these intents.

### Reporting Exemptions

Please note that some LEAs consolidate the entirety of their Title IVA funds into other Title programs (Title I, Title IIA, Title III, Migrant) and in doing so those funds “lose” their identity as Title IVA funds which exempts them from the Title IVA Outcomes reporting. These LEAs are noted under the LEA Progress Updates chart with an \*Exempt.

Please note that LEAs are allowed to select the area(s) in which they utilize their funding based on the Title IV, Part A formula grant requirements. These LEAs are noted under the LEA Progress Updates chart with a \*N/A.

- Districts receiving less than \$30,000 must address activities in at least one of the three areas listed.
- Districts receiving \$30,000 or more must address activities in each of the three areas listed.
