On December 10, 2015, President Obama signed into law [Every Student Succeeds Act \(ESSA\)](#), which reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA). This latest update revises provisions in the No Child Left Behind Act of 2001 and includes many reforms that return flexibility to the State while maintaining accountability for the success of all children. ESSA is designed to ensure that all students have a significant opportunity to a fair, equitable, high-quality education and educational achievement gaps are closed.

One of the requirements is that each [State Report Card](#) is required to include a per pupil breakdown of Total Current Expenditures, Federal Expenditures and State & Local Expenditures for each school in every local education agency in Kansas for the preceding fiscal year. Expenditures reported are posted on KSDE's Data Central within the [District Report Card](#) and in the [Accountability Reports](#) per [K.S.A. 72-5178](#).

The purpose of this document is to provide guidance to all LEAs for purposes of determining the cost of educating a child. The methodology described herein was developed in consultation with several Local Education Agencies to ensure consistency in building level expenditure reporting.

Per-pupil expenditure calculations provide a high-level analysis of the disparity between schools and districts, and conditions may vary based on geographic location, differences in wages and benefits, square miles, age of buildings, etc.

Create New Report

If you already have access to KSDE Web applications, login and make sure you have “LEA Forms” in your list of web applications. If not, refer to [New Users](#) section to create an account.

1. Go to the [KSDE Web Applications](#) site
2. Login and click **Accept** on the Legal Notice screen.
3. Click LEA Forms then ESSA Building Expenditures Form.
4. Click **Create New Report for 2026** to start the report for the 2025-2026 school year.

You may create your 2026 report by clicking on (Create New Report for 2026) below.

You may edit your current report or view prior reports by clicking **Select** next to the fiscal year.

If no reports are listed then the reporting period may not be open or you have no prior reports.

Create New Report for 2026

Once you have created your report for the current school year, the Change School Year link on the left-hand menu will bring you back to this screen and you should now see the current school year listed at the top of your list.

You may edit your current report or view prior reports by clicking **Select** next to the fiscal year.

If no reports are listed then the reporting period may not be open or you have no prior reports.

	Fiscal Year	Status	Due Date	KSDE Use
Select	2026	SUBMITTED	10/23/2026	LOCKED
Select	2025	SUBMITTED	10/10/2025	LOCKED

The status column will tell you the status of the report. All prior years will show ‘Submitted’. The current year will state “Submitted” if submitted, or “In Progress” if it has not been submitted.

Click **Select** next to any year to view that year’s report. Once you click on the specific year, you may go to the [Print Report](#) screen to generate a PDF of that year’s report.

ESSA Building Level Expenditures

Section 1111(h)(2)(c): States and LEAs are required to annually report on the State and LEA report cards the per-pupil expenditures of Federal, State, and local funds, including actual personnel expenditures and actual non-personnel expenditures of Federal, State, and local funds, disaggregated by source of funds, for each LEA and each school in the State for the preceding fiscal year.

You will need to submit Current Expenditures and Federal Expenditures for each building. Click **Edit** next to each building so you can enter expenditures for that building.

Audited FTE Enrollment

Within the ESSA Building Expenditures web form, you will see each school building and the central office building listed for your district. The column Audited FTE (Full-Time Equivalency) Enrollment shows the number of students regularly enrolled and attending on 9/20 and 2/20 counts as submitted in KIDS ENRL Collection. This FTE is based on funding and includes Preschool-Aged At-Risk (3yr old and 4yr old), KAMS and Virtual. Non-funded preschool-aged students, Juvenile Detention Centers, PRTF and Flint Hills Job Corps are excluded.

KIDS ENRL records where D17 is "1" are counted as virtual students for funding purposes. Only students attending KSDE approved virtual schools and programs will be counted. FTE for Virtual students 19 and under will be limited to 360 minutes and computed based on minutes enrolled (to the nearest tenth).

Virtual Adult (20 and over) FTE: The FTE for Virtual students 20 and over is computed by KIDS based on 360 minutes (1.0 FTE) **REGARDLESS** of the actual minutes they attend. Therefore, the KIDS computed FTE for Virtual students 20 and over will be subtracted, then Virtual Adult Credits (submitted on Local Effort) will be converted to FTE (total credits divided by 6) and added back into the KSDE approved Virtual school. **If the district has an approved Virtual program through the Service Center, the adjusted Virtual Adult FTE (based on Credits) will be included in the regular high school where virtual students are claimed.**

Virtual Dropout (19 and under) FTE: They are not included in the KIDS computed virtual FTE for full-time or part-time, therefore, no subtraction is needed. However, Virtual Dropout Credits (submitted on Local Effort) will be converted to FTE (total credits divided by 6) and added back into the KSDE approved Virtual school. If the district has an approved Virtual program through the Service Center, the adjusted Virtual Dropout FTE (based on Credits) will be included in the regular school where virtual students are claimed.

Note: The Central Office building FTE is the sum of all buildings PLUS any student enrolled at the Central Office. Therefore, it may not always be the sum of all buildings.

Total Current Expenditures

Current expenditures are expenses for the day-to-day operation of schools. They include expenditures for staff salaries and benefits, supplies and purchased services.

Total Current Expend. = Federal Current Expend. + State & Local Current Expend.

Current Expenditures for the Central Office should **NOT** be the District Total. It should only include expenditures for the Central Office building only.

Included Expenditures

Expenditures in all object codes in the following functions and funds should be included unless specifically stated to exclude.

Note: Fund, Function and Object Code numbers listed below are based on the Fund, Function and Object Code numbers used in the USD Budget and Kansas Accounting Handbook and may not be the same numbers used in your local accounting system.

Federal Current Expenditures

Note: Report Federal Current Expenditures in the Federal Expenditures column; they should also be INCLUDED in the Current Expenditures column.

Federal Current Expend. = Total Current Expend. - State & Local Current Expend.

Include all Current Expenditures paid from federal funds (exclude expenditures related to 4000-Federal Aid revenue sources). This includes expenditures for Carl Perkins, Special Education, Food Service, Title programs (exclude expenditures to non-public schools for Title funds or ESSER funds), CARES (ESSER I, ESSER II, ESSER III & ESSER-SPED), SPARKS and other federal grants (REAP, LINK, etc.).

Note: Expenditures made between July 1, 2025 through June 30, 2026 should be included, even if they weren't reimbursed until after June 30, 2026.

Exclude federal funds intended to replace local tax revenues (e.g., Impact Aid) and Title funds for non-public schools. These will be considered as State & Local Current Expenditures.

State & Local Current Expenditures

Current Expenditures paid from state and local funds (including federal funds) intended to replace local tax revenues (e.g., Impact Aid).

State & Local Current Expend. = Total Current Expend. - Federal Current Expend.

Note: The State & Local expenditures field within the ESSA report is **NOT** entered by the USD. State & Local expenditures are calculated based on the expenditures entered in the Total Current Expenditures & Total Current Federal Expenditures fields.

Pro-Rating Expenditures

Most building expenditures will be salaries and benefits and should be simple to assign. Other expenditures that clearly occur at the building level should be reported under the appropriate buildings.

- Teachers, Teacher Aides and Substitute Teachers salaries & benefits
- Supplies
- Nurses & Counselors assigned to one building
- Principals and assistant principals
- Building Secretaries
- Special Education Teachers assigned to one building
- Title programs

The following recommendations can be used to prorate district-wide expenditures to the building level:

Food Service: May allocate based on the number of meals served at each building.

Technology and Curriculum Materials: May be allocated based on the percent of students enrolled at each building.

Staff Development: May allocate based on the percent of teachers assigned to each building.

Custodial Supplies: May be allocated based on the number of square feet within each building.

Software Licenses: May be allocated based on the number of software licenses issued at each building.

KPERS: May allocate based on the percent of staff assigned to each building.

PAT/Early Childhood: May be allocated based on the percent of students served in these programs at each building.

Virtual Instruction: May allocate to the virtual school building that is associated with this group of students. If there is an approved virtual program through a Service Center, then all virtual students should be counted in their home school building.

Note: If the Virtual program serves the entire district, then determine the percentage of students enrolled in each building. If a program only serves elementary students, then determine the percentage of students enrolled in each building that serves elementary students (same for middle school and high school). *Virtual students should not be reported under the Central Office unless they are also part-time brick and mortar.*

Special Education

May allocate based on the percent of IEP students served at each building.

- **Member USD (Fund 30):**
 - **State Aid Flow-Through (Object Code 565):** Member USDs receive Special Education State Aid based on the percent the USD contributes toward the Coop/Interlocal/Service Center budget. As a result, the member USD should include Special Education State Aid Flow-Through on their ESSA Building Expenditures report in their Total [Current Expenditures](#). This will be calculated as State & Local Current Expenditures.
 - **Assessment/Local Contribution (Object Code 564):** Member USDs should include their payment to the Coop in their Total [Current Expenditures](#).
 - **Federal Expenditures from Coop/Interlocal/Service Center:** Federal Aid expenditures provided by the Coop/Interlocal/Service Center to member USDs should be included within the member USD's own Total Current Expenditures and Total Current Federal Expenditures on the ESSA Building Expenditures report. Refer to "Sponsoring USD" bullet below.
- **Sponsoring USD (Coop/Interlocal/Service Center):** Federal Aid expenditures within Fund 78 (or Fund 30 Interlocal/Service Center) should be prorated for the member USDs based on the percentage of assessment/local contribution. The percent may be found in the "Pct" column on the "Coop_Split" tab of the [FY26 Special Education State Aid Printout](#) posted on the [Payment Information](#) page of the [School Finance website](#).

School Level Finance Survey (SLFS)

The National Center for Education Statistics (NCES), within the U.S. Department of Education, is authorized to conduct this study by the Education Sciences Reform Act of 2002 (ESRA 2002; 20 U.S.C. § 9543). This collection is mandatory as a supplement to the Civil Rights Data Collection (CRDC) authorized by Section 203(c)(1) of the 1979 Department of Education Organization Act (DEOA 1979; 20 U.S.C. § 3413(c)(1)) and 34 C.F.R. § 100.6(b).

The U.S. Department of Education Office for Civil Rights (OCR) is authorized by Section 203(c)(3) of the DEOA to enter into contracts and other arrangement with public agencies as may be necessary to carry out its compliance and enforcement functions and is working with NCES to assist OCR with collecting school level finance data as part of the CRDC.

The U.S. Census Bureau is administering this survey on behalf of NCES. This study has been approved by the Office of Management and Budget (OMB). According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this survey is 1850-0930.

NEW: To assist districts with compiling the SLFS detail by function for Salaries, Employee Benefits and Current Operation Expenditures, an Excel file was included in the 2026-2027 USD Budget software when downloaded: ESSA_SLFS Optional Template.xlsx

Part I – Current Operation Expenditure (by Function)

Include for each Function (1000-Instruction, 2100-Pupil Support, 2200-Instructional Staff Support, 2300-General Administration, 2400-School Administration, 2600-Operations and Maintenance, 2700-Student Transportation, 2500/2900-Other Support Services, and 3100-Food Services), the expenditures for salaries and wages only (Column 1), employee benefits only (Column 2) and all current operation expenditures (Column 3). **Column 3 totals should include amounts entered in Column 1 and Column 2.** Additionally, Column 3 totals should include such objects as contracts, rent, insurance, utilities, maintenance services, printing, tuition paid to private schools, purchase of food, supplies, and materials. Exclude capital outlay expenditures.

Note: The sum of each Function (Column 3) should equal the Total Current Expenditures on the ESSA Building Level Expenditures screen for each building.

Col 5 - Books and Periodicals. Report expenditures for books, textbooks, and periodicals used for classroom instruction or library services. Include expenditures for books, magazines, and newspapers prescribed and available for general use, including reference books. Also include the cost of workbooks, textbooks that are purchased to be resold or rented, and repairs to textbooks and library books. Do not include expenditures for books and periodicals not used specifically for instruction or library services, such as books purchased for student support services or school administration staff. Do not include expenditures for electronic books and periodicals in this category; report those expenditures as technology software or technology-related supplies instead.

Expenditures for books and periodicals that meet the standards for classification as equipment should also not be reported here. (Functions 1000 and 2220: object 640)

Col 6 - Technology-Related Supplies and Purchased Services. Report expenditures on supplies and purchased services that are technology-related. For technology-related supplies, include expenditures on supplies that are typically used in conjunction with technology-related hardware or software (e.g., compact discs, flash drives, cables, and monitor stands). Technology-related hardware and software costs below the capitalization threshold (e.g., laptop, Kindle, and iPad costs that fall below the capitalization threshold) should also be reported here.

For technology-related purchased services, include expenditures on data processing, coding, and other technical services; repairs and maintenance services for technology equipment that are not directly provided by school district personnel; and rentals or leases of computers and related equipment. Purchased communications services, such as all costs associated with voice, data (i.e., Internet), and video communications charges should also be reported here. Expenditures for technology-related equipment should not be reported here but instead be reported in the "Technology-related hardware" or "Technology-related software" category as

appropriate. (ALL Functions: objects 351, 352, 432, 443, 530, and 650)

Col 7 - Technology-Related Hardware. Report expenditures for technology-related hardware that exceed the capitalization threshold. Include purchases of network equipment, servers, personal computers, printers, scanners, other peripherals, and other electronic devices. Do not include expenditures for nontechnology-related equipment such as machinery (object 731), vehicles (object 732), and furniture (object 733). Expenditures for technology-related supplies should not be reported here but instead be reported in the “Technology-related supplies and purchased services” category. (ALL Functions: object 734)

Col 8 - Technology Software. Report expenditures for software that exceed the capitalization threshold. Include purchases of commercial, off-the-shelf software and downloaded software, as well as fees for licenses to use the software. Expenditures for software that meet the standards for classification as a supply (e.g., software expenses below the capitalization threshold) should not be reported here but instead be reported in the “Technology-related supplies and purchased services” category. 13. [Other Issues](#)

1. Why is this report required?

ESSA of 1965: [Section 1111\(h\)\(2\)\(c\)](#)

"States and LEAs are required to annually report on the State and LEA report cards the per-pupil expenditures of Federal, State, and local funds, including actual personnel expenditures and actual non-personnel expenditures of Federal, State, and local funds, disaggregated by source of funds, for each LEA and each school in the State for the preceding fiscal year."

2. How is FTE counted?

The aggregate number of students enrolled in preschool through grade 12, including non-graded, to whom the LEA provide free public education enrolled and attending on 9/20/2025 and 2/20/2026. Virtual Credits for Adults (20+ years) and Virtual Credits for Dropouts (19 and under) are converted to FTE (divide by 6) and included in the Virtual School. If no Virtual School, they will be included in the regular school where the virtual students were claimed. Please refer to [Audited FTE Enrollment](#) on page 8 for more detail.

Exclude: Juvenile Detention Center, PRTF and Flint Hills Job Corp.

3. How and when do you report?

This collection is found within the [KSDE Web Applications](#) website under LEA Forms, which typically opens in early September & due the latter part of September. Each school in the district, including the central office, will be listed. Enter the following information for each building:

- Current Expenditures (Federal Expenditures ***PLUS*** State & Local Expenditures)
- Federal Expenditures (All expenditures paid with 4000 Federal Aid revenue sources).

The FTE Enrollment populated reflects audited enrollment for 9/20 and 2/20 of the current year for which the data is being collected.

The application will calculate the per pupil expenditures for each category and the State & Local expenditures (Current Expenditures MINUS Federal Expenditures). The majority of building expenditures will be salaries and benefits and should be relatively simple to assign.

4. What expenditures are reported?

Current Expenditures: Comprised of expenditures for the day-to-day operation of schools and LEAs for public elementary and secondary education.

Total Current Expend. = Federal Current Expend. + State & Local Current Expend.

Includes:

- Administration
- Instruction
- Instructional Support
- Student Support Services
- Pupil Transportation services (prorated by school building based on students)
- Operation and maintenance of plant (prorated by building based on square footage)
- Preschool
- Capital Outlay salaries

Excludes:

- Function 1000, Objects 560, 561 & 562 (Payments to Other School Districts – In-State/Out-of-State)
 - Include ONLY from fund 30 (Special Education)
- Function 3300 Community Services
- All Funds and All Functions – Object Code 700 (Property), which excludes the following (see [Kansas Accounting Handbook](#), pages 47, 52-54 for more details):
 - 460 Repair of Buildings
 - 710 Land & Improvement (711 Athletic Areas, 712 Curbing & Streets, 713 Land, 714 Landscaping, 715 Parking, 716 Playground Improvements, 717 Sidewalks, 719 All Other Improvements)
 - 720 Buildings (Existing Buildings) (721 Cooling System, 722 Electrical System, 723 Heating & Cooling System, 724 Heating System, 725 Masonry/Concrete/Plastering, 726 Painting & Glazing, 727 Plumbing System, 728 Roofing, 729 Other Buildings)
 - 730 Equipment (731 Machinery, 732 Vehicles, 733 Furniture & Fixtures, 734 Technology-Related Hardware, 735 Technology-Related Software, 736 Computer & Related Equipment, 738 Instruments, 739 Other Equipment)
 - 740 Infrastructure
 - 790 Depreciation
- Function 4000 Facilities Acquisition and Construction Services
- Function 5100 - Debt Services
- Function 5200 – Transfers

The following are excluded: Code 10 – Adult Ed., Code 12 – Adult Supp. Ed., Code 33 – Cost of Living, Code 45 – Extraordinary Growth Facility, Code 62 – Bond & Interest, Code 78 – Sped Coop, Code 80 – Historical Museum, Code 82 – Public Library Board, Code 83 – Public Library Board Emp. Benefits, Code 84 – Rec. Comm., Code 86 – Rec. Comm. & Emp. Benefits, and expenditures for Repair of Buildings (460) and Equipment (700).

5. What are reported as Central Office Level Expenditures?

Report only expenditures associated with establishing and administering policy for operating the school district. This would include:

- salaries and benefits for the superintendent and Board of Education and their immediate staff. These expenditures are reported under Function 2300/2500 – General Administration/Central Services.
- Do not include expenditures for 700-equipment/property.

To avoid duplication at the state level, these expenditures are not reported at the building level.

6. What are reported as District Level Expenditures?

- Central Office Staff
- School Board Expenses
- Business Operations (Technology, printing, etc.)
- Each of Subfunctions 2300; 2500; 2900

7. How are district totals reported for Current Expenditures?

Districts are reporting expenditures for all regular buildings and the Central Office (unduplicated expenditures).

- Sum of Total Current Expenditures of all regular buildings **plus** the Central Office
- Sum of Total Federal Expenditures of all regular buildings **plus** the Central Office.
- The difference between Total Current Expenditures and Total Federal Expenditures will be Total State/Local Expenditures.

It is important not to duplicate expenditures for the Central Office at the regular school building level. See [*What are reported as Central Office Level Expenditures?*](#) above.

8. What is included as Federal Expenditures (Expenditures related to all 4000 Federal Aid revenue sources)?

- Title (Not Title funds for non-public schools)
- Carl Perkins
- Special Education (Medicaid, CARES Act, Title VI-B, etc.)
- Food Service (Child Nutrition Programs, Other Federal Aid)
- CARES (ESSER I, ESSER II, ESSER-SPED) and SPARKS
- Other Federal Grants (REAP, LINK, etc.)
- NOT Impact Aid (this is considered local)
- NOT Object Codes 700 (All Funds and All Functions)

9. Are Federal Expenditures included in total Current Expenditures?

Yes. Total Current Expenditures should include federal, state and local. Of the total Current Expenditures, districts will report Federal Expenditures, and the application will then compute State/Local Expenditures.

10. How are State/Local Expenditures reported?

State/Local Expenditures are computed within the application (Current Expenditures *minus* Federal Expenditures). Therefore, districts report only Current Expenditures and Federal Expenditures, and the rest will be calculated.

11. How to report Special Education?

All districts will report Code 30 expenditures, prorated by the number of IEP students in building.

Special Education Federal Funds can be difficult to interpret. Please read carefully.

- **Stand Alone District:** Already reports Federal Aid in Code 30
- **Cooperative:**
 - Member District will have to receive Federal Aid amount from Sponsoring District/Interlocal/Service Center
 - Sponsoring District - Do Not Report Code 78
- **Interlocal:** Member District will have to receive Federal Aid amount from Interlocal

12. Examples of what & how to prorate?

- **By Student:** Technology, curriculum materials
- **By Teacher:** Staff development
- **By Square Feet:** Custodial Supplies
- **By Building:** Some Software Licenses

13. Other Issues

- **KPERS:** Distribute by Staff Member
- **PAT / Early Childhood in a Separate Building:** Prorate to each Elementary by student
- **JDC; PRTF; Flint Hills Job Corp:** Exclude students or revenue

Access

Current Users

If you already have access to KSDE Web Applications, log in and make sure you have “LEA Forms” in your list of Web Applications.

1. Go to the [KSDE Web Applications site](#).
2. Log In and click **Accept** on the Legal Notice screen.

3. Check to see if you have “LEA Forms” in your list of web applications (it may be a different number on your screen than the number shown in the screen shot below). If you do not, click **Manage My Account**.

4. If your account has district level access, LEA Forms will be available to add to your current account. Scroll down the list of applications (in alphabetical order), to check the box next to **LEA Forms** and then select **District Administrator**.

Note: If you do not see LEA Forms listed here, your account does not have district level access. Please see the [New Users](#) section to register a new account with district level access.

Tip: If you must register for a new username, note what current Web Applications you registered for and the user level of them on your building level account. Then, when you register for your district level account, you can request access to all the web applications you accessed under your building level account as well as LEA Forms. Once approved for access, you should then be able to access all applications under your district level account.

5. Scroll down to the bottom and fill in the three fields under ‘In Case You Forget Your Password’.

IN CASE YOU FORGET YOUR PASSWORD:
Enter your birthdate, then choose a question to which only you know the answer and which has nothing to do with your password. If you forget your password, we'll verify your identity by asking you to enter your birthdate and the answer to this question.

Birthdate (MM/DD/YYYY):*

Question:*

Answer (this field is case-sensitive):*

6. Click **Submit**. Once this happens, our IT department will email the contact denoted as “Superintendent” on the Directory Updates web application for approval.
7. Once the Superintendent approves the request, our IT department will add the requested application to your account. When complete, they will email you to let you know that you can now access the new application(s) as requested.
8. You will then go to the [KSDE Web Applications](#) site and sign in. You should then see all web applications you requested access to.

Note: If an application is grey and not linked, that means that the Superintendent has not yet approved you for that specific application.

New Users

Individuals who do not have access to KSDE web applications will need to register for access.

1. Go to the [KSDE Web Applications site](#).
2. Click **Register**.
3. Enter in the required information.
 - a. Make sure to select your district from the “Organization” drop down list.
 - b. Make sure to select **All Buildings** in the “Building” drop down list. This will then populate a list of applications to register for below.

Note: If you select a specific building instead of ‘All Buildings’, the LEA Forms application will NOT populate in the list of applications.

- c. Scroll down to check the box next to **LEA Forms** and select **District Administrator** as your user level.
- d. If you would like to register for any other applications, please go through and check those as well as selecting the requested user level for each one.
- e. Enter a username and password.

Tip: Do not use spaces when entering in your username.

When creating your password keep in mind the password requirements shown on the screen.

You will need to remember the username, password, security question/answer, and birth date that you entered. KSDE does not store this information for you.

- f. Click **Submit**. Once this happens, our IT department will email the contact denoted as “Superintendent” on the Directory Updates web application for approval.
4. Once the Superintendent approves the request, our IT department will add the requested application to your account. When complete, they will email you to let you know that you can now access the new application as requested.
5. You will then go to the [KSDE Web Applications](#) site and sign in with your new username. You should then see all web applications you requested access to.

Tip: If you forget your KSDE web applications password, click **Forgot Your Password?** on the Authentication screen. Enter your username and a link will be emailed to the email address connected with your username. Click on the link in the email to go to the page where you can reset your password. Keep in mind that KSDE does not know your password, so you are responsible for managing and remembering it.

6. Once you have access to the LEA Forms web application, you should see it in your “My KSDE Web Applications” list after you logging into the [KSDE Web Applications](#) site (may be a different number than it is in the screenshot below). Click **LEA Forms**.

Note: If you do not have access to the LEA Forms web application after requesting access to the application for a current username or after registering for a new username, please contact our IT Help Desk at 785-296-7935 or email (helpdesk@ksde.gov).

7. Once you have accessed LEA Forms, click **ESSA Building Expenditures Form**.
